BAPTIST IN YEARLY BUSINESS MEETING

THE REV. JOSEPH A. COOPER TO RETURN SOON

SUNDAY "PAY UP DAY"

J. R. Lowry Superintendent of Sunday School—Sampson, White, Warner and Lowry Deacons

The annual business meeting of the First Baptist Church was held last night. A number of officers were elected and some plans for beginning the new year's work were discussed. Announcement was made some time ago of a series of evangelistic meetings to be conducted in October by former pastor, Rev. Lewis M. Hale.

The present pastor, J. A. Cooper, will return the latter part of next week from his work on the chautauqua platform. Members of the church who have seen him recently, say that he is enthusiastic about his summer's work but that he is anxious to get back to Maryville.

During the vacation period there is a general tendency to laxness in church activities of all kinds, however, the attendance and interest have been good all through the time Mr. Cooper has been away.

In order that the finances of the church may be in the best possible condition, and thus reflect the interest with which the membership is looking forward to his return home, it was decided to designate next Sunday as "Pay Up Day." Any members who may have, on account of absence from the city or for any other reason overlooked the payments on their pledges, are requested to attend Sunday School next Sunday and be prepared if possible, to bring their subscriptions up to date. Any offering from others who may not have a budget pledge, will be received and appreciated.

This is a matter in which the church feels that every member should be heartily interested. They should show their appreciation of the work Mr. Cooper had done while here and their hopeful anticipation of the future successes of the church activities, by having a clean financial slate to show him on his return.

The following officers were elected for the coming year: Church clerk, Miss Maggie Allen; trustees, Dr. C. H. Coe and F. W. Baker; Church treasurer, C. D. Allen; Sunday school superintendent, J. R. Lowry; missionary treasurer, Miss Eva Davis; deacons, F. B. Sampson, W. A. White, Arthur Warner and J. R. Lowry. Delegates to the District Association at Rock Port in October, the Rev. and Mrs. T. J. Puckett, Mr. and Mrs. H. W. Hull, Mrs. Eugene Ogden, Miss Eva Davis, Miss Irene Lowry, Capt. Charles Hyslop, Mrs. John C. White.

COMPULSORY SCHOOL LAW TO BE ENFORCED

Parents Should See That Their Children Start in School Monday

Parents should see that their children enter school Monday.

It is the duty of every parent to see that his children are enrolled Monday September 4.

The text books are furnished free to all the children enrolled in the white and colored elementary schools This should make it possible for all children of school age to attend school.

Section 11323 of the Missouri School Laws states: "Every parent, guardian, or other person in this state having charge, control or custody of a child between the ages of seven and fourteen years shall cause such child to attend regularly some day school, public or private, parochial or parish, not less than the entire time the school which said child attends is in session, or shall provide such child at home with such regular daily instruction during the usual hours as shall, in the judgment of a court of competent jurisdiction, be substantially equivalent at least to the instruction given the children of like age at said day school in the locality in which said child resides; and every parent or person in the state having charge, control or custody of a child between the ages of fourteen and sixteen years, who is not actually and regularly and lawfully engaged for at least six hours each day in some useful employment or service, shall cause said child to attend regularly some day school as aforesaid."

NO CHANGE IN BOUNDARIES FOR MARYVILLE—BAING CARDS

There has been no change in the boundaries of the territories of the different school buildings in Maryville since the closing of school last spring.

When the schools open Monday morning pupils entering from other schools are asked to bring with them their grad cards, in order that it may be easier to classify them according to the grade.

Trains Have Rear End Collision

New York, Aug. 31—Many persons were injured, several seriously, in a rear end collision of two trains on the Hudson and Manhattan railroad near Jersey City today. The accident was caused by a dense fog. Both trains were enroute to the city.

Miss Lila McIntosh of Mexico, Mo., arrived in Maryville Wednesday evening to be the guest for a few days of Misses Nellie and Julia Lowry. Miss McIntosh is en route to Afton, Ia., where she will teach home economics in the high school this year.

MARYVILLE NEEDS MANY NEW HOUSES

DESIRABLE CITIZENS TURNED AWAY BECAUSE OF SHORTAGE

FOR BUILDING CRUSADE

Real Estate Men Say That the Situation Is Hurting—Houses Paying Good Profit

Maryville is confronted now with what is perhaps the most acute housing shortage in its history. Real estate men say that they are receiving a number of calls each day for modern houses that they cannot supply. They say that many desirable citizens who wish to come to Maryville are being forced to go elsewhere because there is no place in Maryville for them to live.

"We could rent twenty houses now if I had them listed," says Joseph R. Allen of the Allen Bros. real estate firm. "There have been several cases lately where we have had applicants for houses that we could not fill and the people have not come here for that reason. This thing is hurting the town for the people that wish to come are a good class of citizens and would be a help to the community.

"It has happened some years that we have had as many as twenty houses listed at this time in the season for rent. Today we have nothing but one flat and it is likely to be taken at any time.

"The increased demand for houses is due partly to the fact that Maryville is a good town and that many people have heard of it and have selected it as a place where they would like to live; it is due in part to the people who wish to come here on account of the school advantages, and it is due in part to the fact that there has been little building in the last several years. People are hesitating to build on account of the high cost.

"Something ought to be done in regard to the situation. There ought to be a crusade for building houses in Maryville or something of that kind that would supply the demand. Money could not be spent here to a better purpose than that of building houses. And it would pay. The rental is high enough to pay a good rate of interest on the money invested in houses. I know of a place that a man paid $1,600 for and he has it rented at $20 a month. I know of another place valued at $5,000 that is bringing $40 a month rent. Rents are higher this year than they have been in the past. The house that I speak of as now bringing $40 a month was rented for $20 a month last year. It was painted and a few minor improvements made this summer and there was no trouble about renting it at twice what it brought last year."

"We are very much in need of more modern houses in Maryville," says A. S. Robey, real estate man. "I have had a dozen calls today that I could not supply and it runs about that way every day. The shortage is due to the fact that it costs a lot of money to build and that many people want to come to Maryville to live. Many of these are attracted by the College. There ought to be a campaign for building houses in the south, west and north part of Maryville and money invested in this way would bring a good return. A hundred new modern houses would not supply the demand.

"People want houses bad enough that they are going to the landlords or to those who have the rental of them in charge and offering $5 a month more rent for them than is being received.

"If you should start to build a house in Maryville you would have a half dozen people after you before you had the foundation in to rent it as soon as it was completed. They want modern houses and would be willing to pass the one they are now living in on to some one else."

"I have calls for six or seven houses a day that I cannot fill," says O. L. Holmes, real estate man. "There is a big demand for five or six-roomed cottages both by persons who would buy them and by those who would rent them. I belive that within a month I could sell twenty such houses priced at from $3,500 to $4,500 if they were modern.

"The reason for this shortage in houses is that there has been little building throughout the country during the last six years. People are holding back on account of the high cost of building. They would rather

MINES CLOSE FOR SHORTAGE OF CARS

WORK STOPPED AT TWENTY-EIGHT OF THEM IN INDIANA

CHARGED WITH MURDER

Otis Clark, Miner, Said to Have Killed C. K. McDowell, Illinois Superintendent

Terre Haute, Ind., Aug. 31—Twenty-eight Indiana coal mines along the route of the Chicago, Milwaukee and St. Paul railroad closed down today because of shortage of cars.

Other roads are having difficulty in supplying sufficient cars to keep the other mines open.

Marion, Ill., Aug. 31—Otis Clark, coal miner and resident of Marion, was arrested here today charged with the murder of C. K. McDowell, superintendent of the Southern Illinois company's strip mine near Herrin.

The arrest of Clark on a warrant was the first made in connection with the Herrin massacre and followed an indictment by a grand jury investigating the riots in which twenty-two were killed last June.

The States attorney refused to release Clark on a bond and he was locked in the county jail.

Victoria, B. C., Aug. 31—Nine miners were killed and seventeen injured in an explosion in a coal mine of the Canadian collieries near Cumberland, a dispatch todays says.

MOTOR CAR PULLMAN PASSES THROUGH HERE

C. F. Rouze of Pontiac, Mich., Was in Maryville With His "Tourmore" Pullman.

A "different" kind of a motor car passed through Maryville this afternoon. Its owner, C. F. Rouze of Pontiac, Mich., calls it his "Tourmore" Pullman—that doesn't run on rails.

The "Tourmore" is built on a standard model K20 bus chassis, made by the General Motors Company. The body is eighteen feet long and almost seven feet wide. Its interior is fitted out with hard pine and curly maple, and is divided into two compartments, providing a kitchen and living room in the daytime, and two complete bedrooms at night.

Between the two compartments are a toilet and a large clothes locker. Lockers for kitchen utensils and outing goods are arranged above the beds which fold up into seats during the day. A 60-gallon water tank makes a neat sink possible. A smaller gas stove is installed near the zinc kitchen table in the front compartment.

The unique feature of the "Tourmore" is its porcelain bathtub installed under the floor in the rear compartment. By lifting up the hinged floor and turning on the water, bath facilities large enough for any adult are provided. Near the bathtub is a writing desk. An ice box makes appetizing meals possible at all times.

Since making the "Tourmore" early this summer, Mr. Rouze and his wife have traveled more than 6,000 miles in Indiana, Michigan, Illinois, Minnesota, Montana, Colorado and Kansas. It can go about thirty miles an hour. They came to Maryville from Kansas City and left Maryville for Omaha on their way back home. Mr. Rouze intends to build a few cars like the "Tourmore" for sale.

Curnutts to Greeley.

Mr. and Mrs. John Z. Curnutt and children, Mary, Virginia and Junior, will leave this evening for Greeley, Colo., where they will make their future home.

CO. SUPT. OFFICE IS BUSY PLACE

DIRECTORS, TEACHERS AND PUPILS COME BY DOZENS

TEACHERS' CERTIFICATES

Large Number Issued to Those Who Took Examinations During Spring and Summer

The office of Leslie G. Somerville, county superintendent of schools, at the court house is a busy place these days. Members of school boards and teachers and pupils in the schools are coming in by the dozens to take up with the superintendent various things pertaining to the opening of school. They wish to know about books, about grades, about people who are to be connected with the school and about many other things that may come up.

The rural schools in most cases will open Monday. There are a few isolated places where the schools are without teachers and may not be able to open for that reason, but in most cases the teachers are at hand and ready to begin work. A large percentage of them are from this county and many of them have been granted certificates during the spring and summer. The first examination for the teachers was given in March, the second in June and the third in August. A considerable portion of those who took examinations failed to make the required grades or to return to take the required subjects and for that reason failed to obtain their certificates.

The following list of those receiving certificates this year was taken from the books at the office of the county superintendent today. There were many names to go through, including those who took the examinations but were not issued certificates, and in a few cases there may be omissions.

Those receiving first grade certificates were: Mrs. K. E. Killam, Zella Barton, Mrs. Gertrude Van Velson, Ethel Stevenson and Lucile Collins, Lucille Collins, Esther Neal, Effie Richards and Ethel Stevenson.

Those receiving second grade certificates were: Ella M. Reynolds, Helen Naill, Myrl Lyle, Helen Dragoo, Ruth Burnet, Jesse Kling, Margaret Parker, Rose McMasters, Mary McCurry, Ellen Judd, Opal Wilson, Atwood Smith, Mrs. Georgie Kelley, Zona Hoyt, Golda Farman, E. J. Speer, Mary Wirth, B. Glenn Anderson, Eugene Rathbun, Merlin Warehime, Margie Morris, William Tompkins, Ruth Henderson, Mary Ashford, Mary A. McDonald, Ruth Henderson, Cecil Collins, Mildred Barnes, Myrtle Barks, Viva Peters, Mrs. Margie Morris, Gertrude Horton, Opal Wilson, Mrs. Vilas Porter and Verdie Daniels.

Those receiveing third grade certificates were: Nola Saxton, Marie DeNeen, Veda Hull, Cleta Trueblood, Edna O'Day, Emma Thomas, Clara M. Hartman, Alverda Logan, Pauline Ringgold, Gladys Lyle, Martha Brandt, Grace Hull, David H. Cary, Lola Tuttle, Mildred E. Smith, Homer Williams, Nadine Neal, Eugenia Lawler, Mrs. Fred Peoples, Jennie Enders, Cecil F. Brown, Mary V. Rasco, Ruby Eggers, Elsie Armstrong, Mary Sawyers, Harold Golding, Samuel Day Baker, Nattis Moore, Merle Britton, Merle Simpson, Gerald D. Koger, Russell Lewis, John O. Thompkins, Helen Thompson, Bessie McKee, Donald Lee Strader, Anna Sue Gill, Hildred Burke, James Graham, Esher Wells, David Nicholson, Ludina Fanchill, Elverda Logan, Edward Turner, Ivan Mayfield, Mrs. Mary Richey, L. L. King, Artie Cotter, Jennie Enders, Mildred Hubbell, Sister Margaret Mary and Hazel Barton.

Sues on An Account.

A suit filed today was by Seth E. Ditto against Elmer Fraser. The plaintiff alleges the defendant owes him $374.50 for threshing grain and sweet clover seed in 1919, and also $726.32 for threshing in 1920.

Miss Margaret Kerr and Helen Elizabeth Kerr of Kansas City, who have been visiting their grandparents, Mr. and Mrs. A. M. Howard, and other relatives, returned home yesterday.

LODGE SAYS BONUS WOULD NOT BANKRUPT TREASURY

Senator Takes Issue With Secretary of the Treasury—Claim Harding Will Veto

Washington, Aug. 31—Taking sharp issue with Secretary of Treasury Mellon's contention that the treasury cannot afford to finance the soldiers bonus, Senator Lodge, Republican leader, declared in the senate today it was absurd to say the bill will embarrass or bankrupt the treasury.

Washington, Aug. 31—Cabinet members who declined to be quoted stated President Harding will veto the soldier bonus bill which was expected to pass the senate today.

STUDYING PLANS FOR FRENCH OCCUPATION OF RUHR BASIN

Herr Schroeder Says Germany Won't Sign French Conditions for Indemnity

Paris, Aug. 31—The French ministers of war and finance are studying plans for military occupation of the Ruhr basin with French troops, according to an unconfirmed dispatch today.

Berlin, Aug. 31—Following a night meeting of the cabinet, Chancellor Wirth today notified Herr Schroeder, government representative in Paris dealing with the inter-allied reparations for indemnity moratorium unless it is modified. The indications are some officials believe, that France will make some modifications.

STOCK SHOW AND PICTURES FOR HOPKINS PICNIC

Live Exhibit May not be so Large This Year but Is Thought It Will Grow

The farmers picnic is being planned for Hopkins about the middle of September and will include a stock show and a program of motion pictures. Roy A. Kinnaird, county farm agent, has received a letter asking that he give Hopkins a date for the showing of the films dealing with the treatment of the common round worms in hogs, which has been released to him by the United States government. He was also asked to supply any other educational films which would be of value to the people of the Hopkins community. Arrangements are being made to secure a tent which will be large enough for a stock pavilion.

It is thought that the stock exhibit will not be large this fall but it is hoped that the show this year will be an encouragement for a larger show in the future.

YEAR AND HALF TO GET R.R'S IN SHAPE

THIS IS WHAT WILLIAM H. JOHNSON SAYS

EMERGENCY IN WEST

Roads West of Mississippi Under Same Status Now as those of East

Washington, Aug. 31—Railroad locomotives and rolling stock are in such a condition that if the men return to work now it would require a year and a half to get the equipment back to pre-strike condition, President William H. Johnston of the International Association of Machinists, declared today. More than half of the locomotives are in bad order, he says.

Washington, Aug. 31—Owing to the growing seriousness of the railroad situation, the inter-state commerce commission today declared a state of emergency to exist on the railroads west of the Mississippi River and extended its priority order, affecting shipments of all commodities to include the western half of the country as well as the eastern half. The action brings all the railroads of the country under the emergency powers of the commission.

Wilmington, Del., Aug.31 — The Pennsylvania railroad bridge in this city was dynamited just before a passenger and express train was due to pass over it. Railroad strikers are suspected. All trains were flagged. One side of the bridge and abutments were damaged.

TOES AND VANITY.

A fad for removing the little toe is said to prevail in England, among women, and some are said to be practising it in this country. Getting rid of this member will enable women to wear more pointed shoes.

Some chiropodists claim that such an operation would make a person limp indefinitely. The toes are intended to perform an essential function in the act of walking, and people who remove them to please the fanciful desire for more pointed feet, would seem to be in much the same class as Chinese women who practise foot binding. Nature made the human body a beautiful thing. Any treatment that warps any part of the body out of shape is ugly and tends to distort what is otherwise an attractive and symmetrical object.

NEW PRICE REGULATOR.

Jim Patton, wheat king, is asked to explain why the farmer's buying power is a fourth less than before the war. Patton's explanation is that industrial wages are fixed artificially, while the farmers' income is regulated mostly by natural competition.

You have always been told by economists that wheat is the barometer or regulator of general prices. Something has gone wrong with that system. There is a new price regulator. It is soft coal.—Hannibal Courier-Post.

The Ohio woman who had 79 operations evidently was not slow in conversation.

This is indeed an age of machines. Most everything is made by machinery. Even political nominations.

It looks like men never will learn to let firearms alone. The woman whom a Detroit man has shot has just married him.

An exchange asks "are the poor getting poorer?" We might as well find out whether the fat are getting fatter at the same time.

It is a lot easier to make promises than it is to keep them. Promises that are not kept however, are like counterfeit money. They don't get you anything.

The bride was attended by Miss Dora Kloepper of Lancaster as bridesmaid, and Roy Gearhardt also of Lancaster, acted as best man for Mr. Rogers. Charlotte Lange of Huron, Kan., the four-year-old niece of the bride, carried the ring in a red rose. The bride was attired in white organdie and she carried a bouquet of white roses and lilies of the valley. Roses and carnations were used in decorating the house. Other guests at the wedding were Mr. and Mrs. C. P. Nettleton, the bride's sister, Mrs. Arnie Lange of Huron, Kan., and the bride's mother, Mrs. Roy Highfie. The bride was graduated from the Atchison Business College in 1919 and had a position in Cleveland, Ohio, last year. Mr. Rogers and his bride arrived in Maryville last night and will be at home here. For the last six months the bridegroom has been employed at the Steele Barber shop.

MAPS AIRPLANE ROUTE

Establishment of a permanent air route between Washington and San Francisco will be mapped out when Lieut. Paul Wilkins completes his trip from Bolling field to the Pacific coast in a D-H airplane. The photograph shows (left to right) Lieutenant Wilkins and Sergt. Leo Huckill. Adequate landmarks and the most safe landing fields between here and the coast are the principal objects sought during the flight.

The Ladies.

"How did the club like your paper dear?"

"Everybody seemed pleased with it except that hateful Mrs. Gedder."

"What did she do?"

"She said it was over her head which was equivalent to saying she didn't need brains because she was the best dressed and best looking woman there."—Birmingham Age-Herald.

Poster Teachers To Paint Cheeks From The Inside

"Beauty comes from within, paint your cheeks from the inside out," is the advice which is given to girls by one of a series of posters which the Nodaway county health department received from the American Social Hygiene Association, and which will be used as a basis of a series of lectures to be delivered to the school girls of the county. This particular poster says that in painting cheeks from within, out, the girls would be aided by out door exercise, regular meals and plenty of sleep. Most girls could be prettier than they are because most girls could be healthier.

The healthy girls get more out of life because good times come with good health, the posters say that the fitness of the body and mind increases beauty, grace, friendship, self-respect, self-reliance, initiative, leadership, endurance and courage. The advise is for girls to go in for sports, such as swimming, dancing, baseball, skating, hiking, basketball, rowing, tennis and indoor games.

A few beauty hints are suggested in the poster which is headed "beauty that will last," which says for the improvement of the hair to:

Brush it clean and glossy every day.

Use your own comb and brush.

Dandruff is "catching."

Every girl wants an attractive mouth:

ing.

Brush your teeth night and morn-

Go to the dentist twice a year.

Some of the posters deal with housekeeping and say that effective housekeeping increases the home comfort. It requires knowledge and skill, therefore the girls should learn to care for the house through business efficiency, should learn to spend wisely by using the budget system, should learn food values and to know haw to feed the family and to care for the baby by versing themselves in child hygiene.

New York Banks Foretell Great Business Revival and Quote Figures.

Washington, Aug. 31 (Capital News Service).—Predictions of prosperity to come have been taking much space in the public press for the last year. Opinions of many men supposedly qualified to speak with authority have been sought and eagerly published. But here is not a prediction based on hope or "general conditions" but upon statistical facts. Some New York banks took the trouble to gather up the facts and present them as real evidence. According to these figures, bank clearings in 165 cities are 15.7 per cent higher than a year ago; industrial employment in New York State 11 per cent and throughout the country 15 per cent; pig iron production 177 per cent; zinc production 84 per cent; copper production 20 per cent; automobile 59 per cent; sugar meltings 78 per cent; electric power production 21 per cent; building contracts 61 per cent, etc. These figures are the true index of what has happened and a firm foundation on which to build a tremendous prosperity for the immediate future.

From these facts the banks draw the obvious conclusions that real prosperity is here and but waiting the settlement of upset industrial conditions to be visible. As an officer of one of these organizations puts it: "When all allowances have been made for the clouds now overhead and for the great seriousness of the forces of disorganization as expressed in the strikes, the domestic economic position presents pleasing contrasts with that prevailing one year ago, when American business was at the lowest ebb in many years. To measure some of these contrasts is to gain the two-fold conviction that business recovery has been substantial and that, when strikes are settled, the revival will logically continue many months before reaching the crest of a new prosperous era."

The reason the world's work gets delayed sometimes is because there are too many of us tomorrow fellows.

One of our lawyer friends says every time he feels drowsy about 10 o'clock in the morning he envies the milkman who is finishing his day's duties about that time. However, he admits he would not like to get up at 2 o'clock in the morning.

Some one has called our favorite game of golf "cow pasture pool," so we hope to get even by referring to croquet as "horseless polo."

W. R. Smiley has a persimmon tree at his home on South Fillmore street that is so heavily loaded that it is borne to the ground almost. The "possum apples" are about as thick on it as they can hang. Mr. Smiley says that one could eat one of the persimmons now and that his mouth will pucker so much that he can whistle for three weeks without using the muscles of his face to pucker his lips. He says that those of his tree are of an excellent flavor after a good frost comes.

JUNIORS BEING SIGNED UP TODAY AT M. H. S.

Some More Seniors Also—Freshment And Sophomore Enrollment Tomorrow

Enrollment continued at the Maryville High School today with the signing up of the juniors and a few more of the seniors. Freshmen and sophomores will be signed up tomorrow. Following is the list of the juniors who signed up today:

Stewart Tulloch, Genevieve Todd, Joseph P. Pripps, Morris Chick, Donald Bellows, James Armstrong, Eula Marie McDonald, Ellen Whaley, Mildred Wallace, Edward Tindall, William Gaugh, Fern Murray, Dorothy Dow, Vodre Willoughby, Edna Nichols, George Murray, Lucy Allen, Charlene Pixler, Rosella Froman, Ruth Fisher, Mayme Grems, George Aley, Clarence Hughes, Merea Williams, Laura Margaret Raines, Burdette Yeo, Gladys Ross, Neva Ross, Harold Holt, Eldon Dow, John Sewell, Lulu Demott Esther Hull, Mildred New, Arrell Anderson, John Curfman, Leslie Dowden, Alice O'Banion, Neva Robertson, Leonard Carstens, Ralph Dowden, Dean Dorman, Martha Holloway, Homer Ogden, Lawrence Hunt, Viletta Miller, Alene Carter, Rebecca Briggs, Mary Oakerson, Frances Griffen, Opal Hantze, Harold Kemp, Mabel Geist, William Oakerson, Hattie Culver, Raymond Oakerson, Clement Rickman, Emerson Neff.

The following are the names of the seniors who have enrolled since yesterday:

Valta Ringgold, Hettie Mae Woodward, Helen Bolin, Garland Montgomery, Lyerrell Stafford, Dorothy White, Iva Mounts, Emma England, Sarah Moore, Lewis Schnabel, Mary Coe, Bernice Oreutt, Catherine Harrison, Lillian Hall, Georgia Lund, Lulu Massie and Javernia Goff. These together with yesterday's make a total of seventy-three seniors.

DR. EAGLE TO CONTINUE TOMORROW WITH TESTS.

Dr. T. J. Eagle arrived home today from St. Louis, where he went Tuesday to attend a meeting of the men who are doing tuberculin work as he is. He will begin his testing program again tomorro wmorning when he starts at 6 o'clock to test cattle at the farm of Frank Meyers in the Rose Hill school district. At 10 o'clock he will go to the George Wright farm in the Mt. Ayr district.

It was Grover Cleveland who said "being president is a solemn thing." President Harding has found that out. Although he has been in office not quite two years many things have happened to make the presidency a solemn thing for him. Chief among those things is a congress with which he cannot do teamwork.

Those in close touch with President Harding would not be surprised if he should call congress in special session immediately after the November election in order to expedite business of importance which will have been left undone when the present session adjourns.

It has been observed that in the Ohio Republican state platform there is no mention of ship subsidy, soldier bonus, or the Fordney-McCumber bill.

Uncle Sam's pay roll continues to lengthen. The federal office-holding force now numbers 560,863, an increase since 1916 of 122,806.

When the government quits talking about operating coal mines, railroads and other enterprises, not connected with government, and provides a fair, honest and legitimate method by which employers and their workers can settle their differences without loss of time to the workers, loss of business to the employers and both suffering and loss to the general public, it will have rendered a genuine service to the country.

Sir Robert Peel, in the days of high tariff laws in England, before Cobden and Bright converted him, said: "Through an indirect (tariff) tax, you can tax the coat off a man's back and he will never know what is hurting him." Probably true at one time, but now men read and think and every time a man sweetens his coffee he can reflect on the knowledge that the price of the sugar he is using has been increased a third by the tariff tax placed upon it in order to force him indirectly to help enrich others. And what is true of sugar is true of a hundred articles which enter into his everyday life. The Washington tailors and clothiers are advertising the fact that it behooves the man with a few spare dollars to lay in a suit or two before the evil days come, the days when woolen cloth will cost the dealer a third more because of the tariff bounty allowed to the American Woolen Company with its sixty mills and its surplus of thirty-odd millions, which paid extra dividends of 15 per cent recently, and which is no infant industry in need of a nursing bottle.

PERTINENT POLITICAL PRATTLE.

(By A. T. Edminston)

Jefferson City, Aug. 31.—The next General Assembly, the one which convenes Wednesday, January 3, 1923, will be as overwhelmingly democratic as the last one was republican if a full party vote is cast at the coming November election. It is therefore the duty of every democratic voter in the state, regardless of sex, to go to the polls that day and vote the ticket straight from top to bottom to restore normalcy in the state's financial affairs, to insure reduction of the present entirely unnecessary high taxation, to curb the awful waste of state funds which has now been in progress for a year and a half through a commission form of government, and to bring back real prosperity to the land.

It is presaged that fully 100,000 republicans will vote the democratic ticket at the fall election, a condition which will cause not less than ninety counties to send democratic representatives to the coming General Assembly, converting that body into a hostile camp, two to one in opposition to the present extravagant republican administration. Of the seventeen state senators to be elected fully thirteen, if not fourteen, will be democratic if a huge party vote is cast, giving that branch of the legislature to the party by three votes.

That the democratic United States Senatorial nominee, James A. Reed, will carry St. Louis by not less than twenty thousand is admitted by republicans who are familiar with the existing conditions there. Wards in the southern part of the city which have not gone democratic since 1904 when Joseph W. Folk, the democratic nominee for Governor swept them, will repeat that historic and almost impossible performance next November, if democratic men and women do their share by turning out to vote.

Organized Labor Democratic.

It is predicted that the only union railroad man in the state who will vote the republican ticket next fall is William Turbett of Jefferson City, and he is bound to vote that way for the reason that he is the republican nominee for the legislature in Cole County, this empty glory having again been forced upon him owing to the fact that no one else could be found there willing to make a costly, losing race. This county will easily go democratic this time with Senator Reed who carried the bailiwick on primary day over Long in excess of 500, leading the "only reliable party" ticket by fully 500.

The state senatorial nominees who are certain of election in November if a full party vote is cast are: Ernest R. James of St. Joseph in the second district; Senator Walter Brownlee of Brookfield in the sixth district; former Lieutenant-Governor William R. ainter of Carrollton in the sixth district; Attorney N. T. Cave of Fulton in the tenth district; Wesley M. McMurray of Rutledge in the twelfth district; David Bagby of Fayette in the fourteenth district; Samuel L. Snodgrass of Eldorado Springs in the sixteenth district; David M. Dabbs of Rocky Comfort in the eighteenth district; W. W. Hamlin of Springfield in the twentieth district; S. A. Cunningham of Cabool in the twenty-second district to succeed himself; Frank Farris of Rolla in the twenty-fourth district and A. L. McCawley of Carthage in the twenty-eighth district. While the three St. Louis senatorial districts, the thirtieth, thirty-second and the thirty-fourth, are classed as doubtful, Senator Reed may in his landslide in that city, carry them with him. It is almost a certainty that James T. O'Brien, the democratic senatorial nominee in the thirty-fourth will easily carry that district over the present Rep. nominee, Peter Anderson, who is a candidate to succeed himself. Anderson is a splendid fellow personally and has many friends there, but this time he is on the wrong ticket.

No "Gop" Candidates There.

Senator Brownlee, the Brookfield, Linn County banker, who is running to succeed himself; former State Senator Farris of Rolla and McMurray of Rutledge, have no republican opponents for the reason that members of that party cannot be found in these districts with courage enough to make a hopeless race. The republican senatorial committees searched high and low for available timber to fill the vacancies but, so far, have met with failure when the empty glory was tendered to any member of their badly shattered party. It is prophesied that it will be easy sailing in the twenty-eighth district for Attorney McCawley over republican Senator Howard Gray, also a Carthage lawyer, who is aspiring to succeed himself. Senator Gray was not anxious to make the race this time, but was forced into the running by friends. He fully realized that Jasper county, which alone comprises the district, will go democratic by a safe margin in November. It is a certainty also that this same county will send three democratic representatives to the next General Assembly, something it has not done for many years. The last democratic Senator from there was the late and much lamented William H. Phelps.

While on the subject of Jasper county it can be mentioned that it has a strong candidate for Chairman of the next state Democratic Committee to offer at the party powwow at Excelsior Springs, Tuesday, September 14, in G. F., better known as "Gabe" Newberger, a prosperous retail merchant of Carthage. He has been a staunch democrat all his life and has the reputation of being a hustler and the real thing is "live-wire." Information from that portion of Missouri which is the Sixteenth Congressional District is that a unanimous sentiment exists there for Newberger for this position. It is announced that if the honor is bestowed his way that portion of the state will return a heavy plurality for the democratic ticket at the November election. While Newberger was for Breck Long for the big senatorial nomination he is now as strong for Senator Reed as he was the other way primary day. Frank Lee of Joplin and A. L. McCawley, the democratic senatorial nominee of Jasper county are enthusiastic boosters for Newberger and so far, have secured pledges of support from twelve members of the new Democratic State Committee for the Carthage merchant.

Former Congressman William I. Igoe of St. Louis is also looming up strongly for the democratic chairmanship. He had charge of the recent campaign of Senator Reed in St. Louis and managed it so well that twenty-six of the twenty-eight wards they went overwhelmingly for his candidate giving that warhorse the city over Long by 27,000 votes. It is stated on good authority that fully fourteen members of the new state committee favor the former St. Louis Congressman for Chairman. In the list are said to be all of the members from that city-six in number, two each from the Tenth, Eleventh and Twelfth Congressional districts and the two from the Fifth district which consists of Kansas City and all of Jackson county.

From Long Beach, Cal., where he is taking a little rest, Omar Gray, Editor and publisher of the Sturgeon (Boone County) Leader, State Petroleum Inspector in the last democratic State Administration, writes briefly but tersely as follows to the author of the column "Pertinent Political Prattle."

"Congratulations: You made a great fight for Reed. Three months ago Long had Reed beaten 75,000.

"Reed for President; Gardner for Governor in 1924."

(Signed) Omar Gray.

What This Newer Form of Iron Has Done for Thousands

What Would It Mean to You to Get Back Your Old-Time Health, Strength and Energy and to be Young in Feeling Once More?

HUNDREDS of thousands are taking the newer form of iron to help them regain strong, vigorous health. When you are "all in", can't sleep nights, your food doesn't digest; and you are troubled with headaches, backaches and have the "blues"; when you are nervous or all "on edge", don't waste your time taking remedies merely to kill the pain, and keep getting worse all the time; what you need is something to help change your pale, thin, watery blood into the rich, red blood of health.

Try this newer form of iron which costs but little and any druggist will gladly refund your money if it fails in your case.

We get an enormous number of letters from men and women everywhere, telling of the amazing results they have obtained. Don't wait another day—go to your druggist at once and ask for this newer form of iron which is now compounded under the name of Nuxated Iron — which is like the iron in your blood and like the iron in spinach, lentils and apples. Think what it would mean to you to get back your old-time strength, health and vitality, and to be young in feeling once more. Every druggist in this city sells Nuxated Iron under this "satisfaction or money back" guarantee.

NOTE: The manufacturers of this newer form of iron known as Nuxated Iron are known to be thoroughly reliable; since its introduction it has reached the stupendous sale of over 4,000,000 packages annually, and it has been used and highly recommended by U. S. Senators, Members of Congress, Judges of the U. S. Courts and many physicians. We are able to guarantee that if you do not obtain all and even greater results than you expect from Nuxated Iron the manufacturers will promptly refund your money.

First New Corn Movement

Billy Wells, the grain man, bought the first new corn of the season this week, Walter Griffith selling him a thousand bushels for December delivery at 40 cents per bushel. Considering corn prospects this is a pretty good price, the crop promising to be larger around Hopkins than it has been in years.—Hopkins Journal.

Corn Thirty Feet High

Here's a corn story that may sound fishy but it is the gospel truth. We have corn in Hopkins that is at least thirty feet high—we believe it is higher but will keep on the safe side by putting it at thirty feet—it is corn that is growing on the roof of the three story mill and barring a heavy hail, promises to yield abundantly, says the Hopkins Journal. The roof is almost flat and has accumulated enough soil to grow a crop, the seed corn finding its way there at different times when the sheller was in operation.

PLOWED CORN 73 YEARS

John Munn and Wife, of Gaynor City, Celebrate 65th Wedding Anniversary Last Sunday

(From Hopkins Journal)

A very pleasurable event was celebrated at the home of John Munn at Gaynor Sunday, August 27, the occasion being the 65th wedding anniversary of Mr. and Mrs. Munn. Their eldest daughter, Nettie, and her husband, John F. Dowden, of the Myrtle Tree neighborhood, Laura Stickle another daughter and family and Grant Munn and family all with baskets well filled with the things that go to make up a good dinner, assembled at the parental home and spent the day with this venerable couple who have traveled sixty-five years together and have reared ten children, all of whom are living. There are also 40 grand children living and 31 great grand children living. Mr. Munn was born in Wayne county, Ohio, March 14, 1837 and Mrs. Munn was born in Beaver county, Pa., Nov. 27, 1839. They were married in Cedar County, Iowa, August 27, 1857. Mr. and Mrs. Munn moved here from Jasper county, Iowa, 18 years ago, selling his Iowa land and purchasing 320 acres just west of Gaynor, which they still own. Mr. Munn has plowed corn for 73 years and would enjoy it yet but owing to his last winter's sickness, is not able to do so now. The many friends earnestly hope that this popular old couple will live to enjoy many more of these happy occasions.

BE RID OF THAT ACHE.

If you are a sufferer with lame back backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor.

Mrs. Rutha Cornett, 714 N. Buchanan St., Maryville, says: "Doan's Kidney Pills have been in our medicine cabinet for a good many years. I used them when my kidneys were not acting properly. At that time sharp pains caught me in the small of my back and left me in a lame and miserable condition. I only used a few of Doan's Kidney Pills for this bad attack and they promptly relieved me. I used Doan's occasionally when I do not feel right. They regulate my kidneys and remove the pains and aches. I can recommend Doan's to anyone."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cornett had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Mr. and Mrs. C. A. McCoppin and granddaughter, Virginia Bennett, went this morning to Bolckow, where they will visit for several days. Before they return to Maryville they will visit the Andrew County fair at Savannah.

THE COUNTY UNIT BILL

Important Educational Measure to be Voted on at the General Election November 7, 1922

The County Unit Bill, the most important piece of educational legislation passed by the 51st General Assembly of Missouri, will be voted on as a referendum measure at the general election November 7, 1922.

The County Unit Bill has nothing to do with politics but deals altogether with rural education. The champions of the bill do not claim that it is perfect but declare it is a great step forward and will mark a new era for Missouri's rural schools, making it possible for every eighth grade graduate in Missouri to obtain a first-class high school education without leaving home.

The County Unit Bill exempts all districts now maintaining a first class high school. It leaves the local districts as they now exist but creates a county school district in every county, composed of all the local districts.

It establishes a county board of education of six members elected by the qualification voters of the county district.

The principal powers of the county board will be: To appoint a county superintendent and fix his salary; to contract with teachers after local board has selected them from the list of eligibles furnished by county board; to change boundary lines of local districts when deemed advisable; to establish, govern and maintain such high schools as may be necessary to give school privileges to all eighth grade graduates of the county, or to pay tuition costs of any eighth grade graduates in any high school not included in the county district when such seems advisable; to levy annual school tax not to exceed 40 cents on the 100 dollars valuation or to submit to the voters any additional levy up to the maximum of 65 cents; to borrow money and to issue bonds (when such is authorized by a two-thirds vote of the people), for school sites, school houses and repairing same; to make rules for classification and government of all pupils, to select text books and furnish them free if advisable; to hold title to all the school property in the county district.

The local board will have to prepare an estimate showing all necessary expense, to select its teacher from list of county eligibles and arrange for janitor and other necessary employees.

The largest benefit accruing from the County Unit Bill will be the establishment of rural high schools and the more economical functioning of the common schools.

Mrs. Fayette Bellows and Mrs. E. W. Keck are in St. Joseph today on business.

STATE LEGISLATURE HOLDS FAINT LURE

Jefferson City, Aug. 31—Being a member of the Missouri house or senate at $5 a day during session is not particularly attractive, it has been found by officials in the offices of the secretary of state's department at the capitol. There are eighty vacancies in the state legislature which have not been filled, results of the August 1 primary show.

Responsibility for the situation is laid on provisions of the state constitution which limits the amount any representative or senator may draw to $5 a day during specified lengths regular, revising and special sessions. Proposals are now pending before the constitutional convention now in session at Jefferson City to increase the pay of members of the legislature to $10 a day but these measures will not be ready for submission to voters of the state for some time.

More Democrats avoided legislative offices in the recent primary than Republicans, the count showed. Forty-three counties have no Democratic nominee for at least one seat in the House or Senate, while thirty-seven Republican districts are without nominees.

The exact figures show 37 legislative districts and two senatorial districts which have yet to name Republican nominees. Two senatorial districts have no Democratic nominees.

When there are no candidates for state senator or state representative in the August primary it falls upon the county committees in such districts to name the candidate for the office.

TO BEGIN FOOTBALL PRACTICE AT EARLY DATE THIS YEAR

Practice for football at the Maryville High School will be started the first day, according to Harold O'Banion, captain. The boys are to report to practice Monday afternoon after school and the season's practice will be on. For some time the football enthusiasts of the high school have been making trips to the College grid-iron to practice kicking and passing.

HALF-BUSHEL OF PEARS ON SMALL LIMB AT JOB FARM

Weight of Fruit Caused Branch to Snap off Before Season for Ripening Comes

A limb three-quarters of an inch through and six feet long broke from one of the Kiefer pear trees at the farm of William Job, joining Maryville on the south, the other day. It was broken off by the weight of the fruit upon it. Mr. Job noticed that the limb was especially full of fruit and decided that he would see just how much was on it. Accordingly he got his half-bushel and found that the limb had enough on it to fill the measure full. And the fruit was not ripe either and of course had not gotten its full growth.

The pears were thrown to the hogs as soon as they were measured for they were too green to be of any other use.

MANY TOURISTS AT PARK DURING LAST FEW DAYS

Following are some of the people who have registered at the tourist park during the last two days:

Thomas W. Vanatta and son, driving from Summit, Mo., to Des Moines in a new Ford.

Fred Newton of Chicago and Bert Partridge of Dallas, Tex. They were going to Billings, Mont., and are sign painters by profession. They wrote in the book that they appreciated the fine camping grounds at Maryville and the country round about.

F. E. Hale and wife and Bob Hale of Topeka, Kan. They wrote in the book that they had been touring the Ozarks and that on their trip they would be in six states.

Guy Thompson and wife of South Dakota.

Marion McClenahan, St. Joseph.

James Hartwell and wife and four children of Tulsa, Okla. They were on their way to Aigma, Ia. They wrote in the register that this is a fine country and that they appreciated the tourists camp.

Carl Herbst, W. J. Preston, George Botunahouse, Mr. and Mrs. C. A. Boyer, Leta Boyer, Dauna Boyer, Mrs. W. J. Preston, Clifford Preston and Mr. and Mrs. Earl Gordon, all of Lenox, Ia.

Miss Dona Helpley returned yesterday from Kansas City where she has been visiting with her sister, since Saturday.

TRUSTEE'S SALE.

Whereas, Lucy A. Jersey and Malday T. Jersey, her husband, by deed of trust dated March 21, 1921, and recorded April 14, 1921, in the office of the Recorder of Deeds, of Nodaway County, Missouri, in Book 136, at Page 292, conveyed to Orestes Mitchell, in trust, to secure the payment of the indebtedness in said deed of trust particularly described, the following described real estate situate in Nodaway County, Missouri, to wit:

The North Half (N½) of the Southeast Quarter (SE¼) of Section Two (2), in Township Sixty-six (66) North of Range Thirty-four (34), West, of the Fifth principal meridian.

And, whereas, the interest due September 21, 1921, on the note described in and secured by said deed of trust has not been paid and by reason of said default according to the terms of said deed of trust all of said debt has become due and payable.

Now, therefore, at the request of the legal holders of said note and in pursuance of the provisions of said deed of trust and the authority in me vested thereby, I will on Saturday, September 16, 1922, between the hours of 10 o'clock a. m. and 5 o'clock p. m., of that day, at the front door of the Court House in the city of Maryville, Nodaway County, Missouri, sell at public vendue to the highest bidder for cash the above described real estate for the purposes of said trust.

MARYVILLE NEEDS MANY NEW HOUSES

Continued from page 1

rent than to put money into a new place."

Mr. Holmes' idea regarding building houses as an investment is a little different from that of some of the other real estate dealers. He says that with the price that one must pay for a lot and the expense of building he does not believe that as a general proposition enough rental for the houses could be obtained to make it a paying proposition.

Mr. Holmes says that he believes that it is time for the charges of carpenters, plumbers and various other workers who are employed on the building of a house to come down.

"The shortage of houses in Maryville is certainly a problem," says A. L. Nash, real estate dealer. "I have to turn people down every day who want to rent because I have nothing for them. We need a building movement here to supply more places. I think that the schools are largely responsible for the house shortage. They attract many people to Maryville.

"I believe that one of the things that has kept many people from building in Maryville is the high price of lots in desirable parts of town. They cost so much that with the natural high cost of erecting a building the proposition becomes almost prohibitive."

The real estate men say that the shortage of houses is acute throughout the entire country.

M. H. S. ORCHESTRA TO PRACTICE TOMORROW EVENING

Getting Ready for Banquet—Offers Good Opportunity for Students To Learn Music

The orchestra of the Maryville High School will hold a rehearsal at the high school auditorium tomorrow evening for the purpose of practicing the music it is to play at the I. O. O. F. banquet to be held here Sept. 8.

Mr. Schnabel estimated that the orchestra this year will be larger than that of the last few years and will be considerable stronger in the bass section. There will also be about twenty violins.

The orchestra at the high school offers a good chance for all who are interested in music to receive the instruction under Mr. Schnabel and gives an opportunity to practice with a large group. One-half a credit is given in orchestra work toward graduation.
